Dear Ms. Porter,

Thank you for sending me the third in your series of petitions seeking redress for problems in your community. I always appreciate hearing from my constituents on the issues that are important to them.

As I read through your petition, I saw that several issues raised in your previous petitions have been addressed. I applaud your efforts to make your neighborhood and community a better place to live. Moreover, I commend you for forging a coalition of neighbors seeking action from their federal, state, and local governments. Citizens like you help keep the government anchored to its primary purpose: serving the people by making our communities safe, healthy, and productive places to live.

Although the 2004 Session of the General Assembly has ended, I will keep your remaining concerns in mind in the future.

Once again, I thank you for contacting me. If I can ever be of further service to either you or your neighbors, please do not hesitate to contact me.

Sincerely,

Bill Hamrick
